

# Git Gud

Become a better Developer by improving technical skills in:

C#, .NET Core, SpecFlow, SQL, Xunit, Blazor, TS, React / Redux, Jest, NoSQL and Design Patterns.

## Math

Total Listed Hours; 366  
Assuming I need extra time to digest information & make projects to solidify learning, I'll round up & double it.  
Total expected Hours: 800

### C# (96 Hours)

Path: <https://www.pluralsight.com/paths/c-10>

Complete each Course in the Path

XL ~ Complete Each Section of the Pluralsight path

XXL ~ Complete the Pluralsight path

### ASP .NET Core 6 (76 Hours)

Path: <https://www.pluralsight.com/paths/aspnet-core-6>

Complete each Course in the Path

XL ~ Complete Each Section of the Pluralsight path

XXL ~ Complete the Pluralsight path

### SpecFlow (5 Hours)

Source: <https://specflow.org/learn/school/>

Complete Beginner Course

Complete Advanced Course

### T-SQL (19 Hours)

Path: <https://www.pluralsight.com/paths/querying-data-with-t-sql-from-sql-server>

Complete each Course in the Path

XL ~ Complete Each Section of the Pluralsight path

XXL ~ Complete the Pluralsight path

### Xunit (13 Hours)

Path: <https://www.pluralsight.com/paths/c-unit-testing-with-xunit>

Complete each Course in the Path

XL ~ Complete Each Section of the Pluralsight path

XXL ~ Complete the Pluralsight path

### ASP.NET Core 6 WebAPIs (64 Hours)

Path: <https://www.pluralsight.com/paths/aspnet-core-6-web-api>

Complete each Course in the Path

XL ~ Complete Each Section of the Pluralsight path

XXL ~ Complete the Pluralsight path

### Design Patterns (15 Hours)

Path: <https://www.pluralsight.com/paths/design-patterns-in-c>

Complete each Course in the Path

XL ~ Complete Each Section of the Pluralsight path

XXL ~ Complete the Pluralsight path

### ASP .NET Core 6 Blazor (14 Hours)

Path: <https://www.pluralsight.com/paths/aspnet-core-6-blazor0>

Complete each Course in the Path

XL ~ Complete Each Section of the Pluralsight path

XXL ~ Complete the Pluralsight path

### TypeScript (16 Hours)

Path: <https://www.pluralsight.com/paths/typescript-core-language>

Complete each Course in the Path

XL ~ Complete the Pluralsight path

### Unit Testing with Jest (2h)

Course: <https://www.pluralsight.com/courses/javascript-unit-testing-jest>

XL ~ Complete the Pluralsight path

### React 17 (38 Hours)

Path: <https://www.pluralsight.com/paths/building-web-applications-with-react>

Complete each Course in the Path

XL ~ Complete Each Section of the Pluralsight path

XXL ~ Complete the Pluralsight path

### Testing React (2h)

Course:  
<https://www.pluralsight.com/courses/react-18-testing>

Complete Course

### Redux & Flux (3 Hours)

Course:  
<https://www.pluralsight.com/courses/flux-redux-mastering>

Complete Course

### NoSQL(1h + 2h)

Courses:  
<https://www.pluralsight.com/courses/code-school-the-magical-marvels-of-mongodb>

<https://www.pluralsight.com/courses/asp-dot-net-core-6-webapi-using-nosql-databases>

Complete Course 1

Complete Course 2
